Carl:

We do not have any comments on this permit revision application, as it does not affect National Forest System lands administered by the Manti-La Sal National Forest. However, I think you should send this to the Fishlake NF, as the site is on their Forest. Please let me know if you have any questions.

Subject
Mining Plan Determination Request - SUFCO

Gentlemen:

I have been instructed to delay my response to Utah until I have consulted with you. Please review the attached permit revision application and provide me with a response. Only one response from BLM would be necessary.

The Division received an application for permit change. We are asking for your determination as to whether or not this action constitutes a Mining Plan Modification. Please provide your determination by August 10, 2009 through ogmcoal@utah.gov.

When responding, please reference Task ID #3341 in the regarding line.

New Sedimentation Overflow Pond, Task ID #3341, SUFCO Mine, C/041/0002
